

# TROY M604/M605/M606 MICR Printers

HP AUTHORIZED · TROY ENHANCED

TROY M606 MICR Secure Ex printer shown with optional 2nd 500-sheet locking tray.

## TROY Exclusive Security Features

### New Touch Screen Control

TROY MICR Printers, enhanced with the capability of locking a print job, allow for job authentication. Providing only authorized personnel with the ability to print, the convenience of the new touch screen\* allows the PIN number to be easily entered unlocking the printer capabilities for each print job.

Available on M606 MICR Secure and MICR Secure Ex printers.

### 3-Position Printer Key Locks and Paper Tray Locks

Most businesses locate the workgroup printer in an open office environment. This creates a security risk. TROY offers MICR locks and paper tray locks to reduce the risk of check stock theft and printer misuse.

### Exclusive TROYmark™ Intelligent Anti-Tam

TROYmark™ is a watermark of user-defined variable data, printed diagonally across each check. It provides state-of-the-art deterrence of fraudulent check alteration.

Available on MICR Secure Ex

## Major Selling Points

- **Multiple Model Choices**  
Providing print capacity and security features to fit your needs.
- **High Level Print Security**  
Optimize productivity for every size workgroup with fast 52 - 65 page per minute print speed. Even complex print jobs print are simplified, thanks to multiple paper handling options.
- **Flexible Supply Options**  
All TROY Printers are fully compatible with HP cartridges and accessories. Easily upgrade and add new capabilities as your needs change. Gain high efficiency for the long term.

### ExPT™ Exact Positioning Technology

A MICR line out of alignment is one cause of rejected checks, a multimillion dollar problem for banks and companies. ExPT™ allows users to precisely adjust the MICR line without affecting the data file.

### Built-In Secure Encryption and Decryption

Data security is critical in a distributed printing application. TROY's encryption/ decryption technology "unlocks" and only prints when it is received at the TROY printer.

## Complete the Solution

- **TROY MICR Toner Secure** - A patented formula that helps deter fraudulent alteration by releasing a red dye when chemical removal of toner is attempted with a solvent.
- **TROY MICR UV Toner** - Undetectable to the naked eye, this toner appears as standard black to the naked eye but fluoresces blue under a UV verification light for an additional layer of security.
- **TROY Check Paper** - A full selection of stock to choose from allows TROY to be your on stop solution for all of your check printing needs.
